

BELMONT SAFETY

SAFETY FOOTWEAR CATALOGUE 2024

BELMONT SAFETY 2024

WE ARE DELIGHTED TO PRESENT OUR NEW 2024 SAFETY FOOTWEAR CATALOGUE

Belmont continues to offer high quality safety footwear that exceeds the current European standard EN ISO 20345:2011 and to give you further confidence, we regularly have our footwear independently tested with Intertek.

This year we have introduced several new products to our Metal Free, Chemical Resistant and Vegan ranges along with new Trainers, Sneakers and Hikers to complement the range.

All products are distributed from our warehouse based in Dunstable, offering a next day delivery service on all orders received before 3pm.

We continue to pride ourselves on providing great quality footwear at the best possible prices with excellent after sales service and support.

URBAN

A new exclusive sole technology biomechanically tested by INESCOP, providing the following benefits:

- 30% reduction in peak plantar pressures. This could avoid or prevent foot ache, produce a smoother walking pattern potentially protecting our joints.

- 24% reduction in lower back muscle activity may contribute to preventing low back pain.
- Impact forces are reduced by up to 55%, enhancing comfort perception.
- 31% to 52% improvement in thermal insulation.

The outdoor solution that stands up against everything...

When you need technical shoes that are robust and safe, don't hesitate - enter the world of **CONCEPT M**.

The sole with its **independent cleats** offers you an incredible level of adherence on uneven ground; your feet will get a grip like the caterpillars of a snowplough.

With **Thinsulate™** you'll have exceptional thermal performance, while the best pull-up full-grain leathers will ensure you have the maximum water resistance and the **AirToe Composite** will let your feet breathe.

You'll be completely at ease on all roads... even where there are no roads.
